0 of 0 people found the following review helpful. HelpsBy Poe This book is good for people who need to know what

coins are worth what. I was surprised at some of the coins prices and disappointed that some were worth face value for their age. Now that I have sorted out my loose change I won't need the book because I use my ATM card so no more change. 0 of 0 people found the following review helpful. Coins and Prices Book... By Arnie Smith This manual serves as a benchmark for me when dealing with prices on the various coins I may be interested in taking possession of. It is easy to find a coin of interest, and the detail that is supplied. eg: year produced.. number minted.. grading value.. I recommend it to anyone of all levels of the coin collecting hobby. 0 of 0 people found the following review helpful. Great single volume treatment. By Brian Geeslin A good treatment though not exhaustive. There were certain coins I was hoping to gain more information on that were not in the book but it is no fault with the book. For the price it is an excellent addition covering North America with an informative introduction to each country. A very good overview.

One Continent - One Price Guide! There is no better guide to United States, Canadian, and Mexican coins than the 2013 North American Coins Prices. Featuring nearly 48,000 individual coin listings and updated coin prices, the new edition is the perfect all-in-one guide. Organized by country, denomination and date of issue, 2013 North American Coins Prices provides a clear and thorough picture to the vast array of coins so passionately collected. The U.S. section begins with early Colonial coins and tokens of the 17th and 18th centuries and follows through to Federal issues from 1792 forward. Mexico's listings begin in 1701 while Canada's begin with its earliest unified coinage in 1858. New to the 22nd edition: Extensive revisions to the Mexico listings A wide-ranging selection of new issues from the Royal Canadian Mint Complete price updates for all coinage We are steadfast in providing a great book at a great value. Experience for yourself why the 2013 North American Coins Prices is the best coin price guide on the market.
