Shmuel Bolozky Ph.D. : 501 Hebrew Verbs (501 Verb Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised 501 Hebrew Verbs (501 Verb Series):

15 of 15 people found the following review helpful. WOW! Pretty Exhaustive! By kitchen witch This is not a book, it is a TOME. Very nice. I hope someday the publisher brings this to us as an e-book, although the file may be too large to load on most devices besides a PC! This book is about 3 inches thick and is VERY useful. It reads as Hebrew from the "back" of the book to "front" of the book. Nikkud (Hebrew vowels) and English translations. Root index in the "back" of the book, plus English to Hebrew and Hebrew to English. The thing is, to look something up, you must be able to

identify the root. The root is usually three letters, sometimes two. So, it is not a "beginner" book, so to speak. But, for those learning Hebrew, this is a very good tool to use as you go along with your studies. 0 of 0 people found the following review helpful. Want to understand a TON of Hebrew verbs!? By Tikvah Herut Super super valuable book for Hebrew learners, and for Hebrew speakers who want to hone their . I use this text all the time. because each verb in Hebrew is actually a building block for other related verbs, the book actually gives many more than "501" verb entries. each entry includes a full table of full verb conjugation; many other grammar constructs related to the verb; sample sentences (with translation) common phrases with that verb, often includes 1-5+ other linguistically derived verbs with THEIR full verb tables, etc etc. It is a brick of a book that is so fantastically useful. BAM! Slam that on the table! 0 of 0 people found the following review helpful. Essential for Hebrew language students By Neal N Klein Oh, boy. Israelis can be unapologetically in depth on subjects, and that leads to in depth exploration and lots of debate. This book didn't happen by accident. It is a wonderful in depth exploration of verbs for intermediate students. It is dense and an essential reference that should go hand in hand with a Hebrew-English dictionary. Considering how complex the subject matter, it is astounding in its layout, and valuable in its accessibility. I cannot recommend this book enough for its value to Hebrew language students who have advanced to their second year of study. Wonderful.

The most commonly used 510 Hebrew verbs are arranged alphabetically in a table format, one verb per page with English pronunciation and translation, and presented in all forms. The book's additional features include common idioms with example sentences to demonstrate verb usage and a grammar review.
