Courtney Davis, Dennis O'Neill : Celtic Beasts: Animals Motifs and Zoomorphic Design in Celtic Art before purchasing it in order to gage whether or not it would be worth my time, and all praised Celtic Beasts: Animals Motifs and Zoomorphic Design in Celtic Art:

12 of 14 people found the following review helpful. Celtic BeastsBy Cwn_AnnwnIf you've seen my arms you know that I'm quite enamored with the Celtic style of art. This book is the best compilation of zoomorphic celtic art that I have run across. But besides all the great art there is lots to read. Fairly extensive looks at what the symbology and meaning of each individual animal was to the ancient Celtic tribes of Ireland, Scotland and Wales.

Courtney Davis, text by Dennis O'Neill and Courtney Davis Meet mythical serpents, shapeshifters, and other fantastic creatures whose origin can be traced back to the earliest northern European civilization. The Celts not only relied on animals for survival, but they respected, learned from, and honored them. Awe-inspiring illustrations and faithful narratives take us back to the time of goddesses, stone carvings, cave paintings, and beyond, for greater insight into the

history and lure of the Celtic beast.
