0 of 1 people found the following review helpful. not a good approachBy A. different DrummerThis is not a good approach to teach a language.a scattered word in a story is distracting from the story and does not teach the flow and understanding of the language, only an odd word.2 of 3 people found the following review helpful. Fun Italian introduction for kidsBy J. G. WilsonMy kids have a lot of fun listening to this book. It's a nice non-threatening way to introduce Italian. The new words sneak in gradually and the kids have no problem understanding the story.0 of 0 people found the following review helpful. My kids and I love itBy nedra d grillMy kids love learning German

through fairy tales. The story is read in English with added words in German. They start with a combination English and German and by the end they are just using the German words. The words are scattered but it is a fun and easy way to start learning or to reinforce German vocabulary. It is nice because you do not get overwhelmed by listening to just German. The kids get so excited by the end that they can understand the German words. And they start using them to replace English words in everyday conversation.

Cant get enough of them! By Lucy on February 17, 2016 I teach French, German and Chinese to little children and have just discovered your books. I love them, as does my daughter. I currently have Beauty and the Beast German edition and it says level 4 and 5 coming soon. I was just wondering if that was still the case and when it would be, as we can't get enough of them! --Verified Purchase About the Author **SLANGMAN DAVID BURKE** Being brought up in a multi-lingual household, David Burke used his language skills as a tour guide at Universal Studios in Hollywood, California, giving tours in English, French, Italian, and sign language. His love of language inspired him to delve into the intricacies of words and led him to become a prominent author of more than 100 books on understanding slang and idioms in different languages, as well as books that teach kids foreign languages through fairy tales. His materials on slang and idioms are currently used as course curriculum by Berlitz International, UCLA, Harvard University, NYU and Hewlett Packard, and even by the writers of The Simpsons to give Bart his coolness. Having been trained since the age of four as a classical pianist, David became the in-house music director for the Los Angeles Olympic Organizing Committee where he composed and scored documentaries, commercials, and public service announcements featuring top stars in Hollywood. In 1986, David founded Slangman Publishing which specializes in materials that teach children foreign languages, as well as products teaching teens and adults slang and idioms in a variety of languages. In 1999, David became known as Slangman to an audience of over 250 million people in 120 countries due to his regular 6-year segment on Voice of America (VOA), the broadcast network of the United States government. Currently, David has fused all of his language, musical, and performing talents together to create **HEY WORDY!**, a children's TV show, which introduces children ages 3+ to the world of foreign languages and cultures in an environment of music, animation, and magic.
