Carl F. Luckey, Russell E. Lewis : Collecting Antique Bird Decoys and Duck Calls: An Identification and Price Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Collecting Antique Bird Decoys and Duck Calls: An Identification and Price Guide:

2 of 3 people found the following review helpful. A wealth of informationBy BluestockingA very well-researched book, this is definately one for the collector. This book's true value lies in its value guides and background information, making for facinating reading. Unfortunately, the photography is only average, and mostly black and white (there is a middle section of 63 colored pages).0 of 0 people found the following review helpful. Five StarsBy Kristen DiehlThank you.1 of 1 people found the following review helpful. NO UFO Ducks any longerBy Edward TaylorHere is good and basic information that should help you sort out whatever you are researching about Ducks.

This is not a Bible but a guide so you may need other information. I would have preferred if the decoys had been listed with values.

The updated edition of this guide provides a history and current pricing of the most notable duck and goose hunting decoys used over the past century, including both hand-carved and factory models.
