Sam Samuelian, Anna Samuelian : Collector's Guide to Motion Lamps, Identification Values before purchasing it in order to gage whether or not it would be worth my time, and all praised Collector's Guide to Motion Lamps, Identification Values:

1 of 1 people found the following review helpful. Love it but Dang the PriceBy Michael L. GoochBecause this book is no longer in print, I had to pay \$75 for a used copy. Oh my. But then again, it has saved me many times this expense. I never purchase a motion lamp without referring to this invaluable guide. This way I ensure I never overpay and it helps me spot the real deals on ebay.In addition, I have been cooresponding with one of the authors, Anna Samuelian. Anna makes replacement parts and sells motion lamps. She is currently making me a couple of spinners.If you collect motion lamps, you abolutely have to have this guide. It is also a great picture book with hundreds of glossy pictures which satisfies my motion sickness!Michael L. Gooch1 of 1 people found the following review helpful. Love my Motion Lamps BookBy Mrs. PThis is a hard to find identification book and it is full of great pictures with values. We

recently bought one of the featured motion lamps and we wanted to see what the value and description was. I highly recommend this book and the seller that sent it out so quickly.0 of 0 people found the following review helpful. A special book on a special subjectBy David L. WasleyA wonderful look at this rather esoteric phenomena. Lots of good information and illustrations.

Collector's Guide to Motion Lamps, Identification Values Paperback - August, 1998 by Sam Samuelian (Author), Anna Samuelian (Author), Penny Marshall (Foreword)
