All atlases have Benchmarks exclusive Landscape Maps with large easy-to-read and page overlap, and a useful GPS grid. The categorized Recreation Guide makes planning your next adventure a breeze. The Recreation Maps have public land ownership shown as color tints, and most titles have hunting unit names and boundariesRecreational Maps: Benchmarks Recreation Maps were created for outdoor lovers who want the high quality recreation information in our atlases but with the convenience of a traditional folding map. Complete public lands detail and hunting unit boundaries are shown as well as categorized recreation listings. | File size: 52.Mb

Benchmark Maps : Colorado Benchmark Road Recreation Atlas before purchasing it in order to gage whether or not it would be worth my time, and all praised Colorado Benchmark Road Recreation Atlas:

3 of 3 people found the following review helpful. Great map
By Lynn
Benchmark maps are very helpful when planning trips over less traveled roads. Generally very accurate. We prefer them over the Gazetteer.
3 of 3 people found the following review helpful. Great state Atlas.
By Albert A. Thurman
This guide has all the little backroads, making navigation anywhere in the state easy.
0 of 0 people found the following review helpful. Easy to read and store
By Heather T in Tucson
Good sized, easy to read - find what you're looking for and nice shading to the topography part of it. Easy to store in the vehicle. Words were big enough to read at night by car light.

Colorado's mountains are the source of everything that makes Colorado unique. No other publication can display this entrancing scenery and its recreation potential with more precision than Benchmark's Colorado Road and Recreation Atlas. The Recreation Guide has complete categorized listings and the recreation maps show complete public land ownership.
Map Scale = 1:200,000 1:500,000
Sheet Size = 11" x 16"

About the Author
In 1995, three respected mapping firms collaborated on a vision they shared for a new line of state road atlases. The result was Benchmark Maps: a partnership that would apply the unique talents of each company to produce atlases with an entirely new kind of look and presentation. These new atlases would combine strikingly beautiful Landscape Maps with data collection of unequalled accuracy and detail. Since our beginning, well over a million Benchmark maps and atlases have been purchased by discriminating map users from all over the world. Its not unusual for us to hear from people who have purchased a copy of every one of our atlases.
