Susan Ireland : Complete Idiot's Guide to Cool Jobs for Teens before purchasing it in order to gage whether or not it would be worth my time, and all praised Complete Idiot's Guide to Cool Jobs for Teens:

12 of 18 people found the following review helpful. Good summaries, good resumes, the rest sucksBy A CustomerI got this book from the library, and I'm glad I did. This book provides helpful descriptions and ideas of jobs, but it didn't provide the information I wanted on how to obtain them. It provides several website links, most of them

completely useless. The tips for resume writing were helpful though. Basically, it spends the first 20 pages convincing you that you want a job, about 100 pages listing types of jobs and what's involved for them, and the last 100 talk about resumes, interviews, and applications. The interview tips are simple like "Don't wear gobs of makeup", no big secrets or really helpful info. To conclude, the book is worth a glance, but the library already paid for it, there's no reason for you to. 2 of 2 people found the following review helpful. A good book for teens
By chicoer2003
This book is packed full with info with teens. Though at some time it seems focused on the obvious (different kinds of jobs) If you're a teen looking for work, check it out.

With U.S. unemployment the lowest it's been in 25 years, the job market for teens has never been better. But even in good times, it can be hard for teens to find jobs that are right for them. They still must be able to interview with confidence, stick with the daily grind and figure out how much money will be paid in taxes. The Complete Idiot's Guide to Cool Jobs for Teens teaches job-finding skills (resumes and cover letter writing and interviewing techniques), job-keeping skills, being an entrepreneur, spending and saving on a salary and exploring internships and volunteering. Ideal for 12-18 year-olds.

About the Author
Susan Ireland is a job counselor and resume writer who has authored four books and one CD-ROM on job hunting. Through her writing, workshops, and individual consultations, Susan has helped thousands of people find jobs they love. She has also appeared on TV and radio across the United States to discuss job search issues. In *The Complete Idiot's Guide to Cool Jobs for Teens*, Susan relied on the experiences of a number of working teens as well as her own work history. Susan's first job as assistant pastry cook was in her family's hotel in Maine when she was nine years old. Each summer until she graduated from high school, she took a different job within that business while also running a concession stand. She went to Antioch College in Ohio, where she participated in an internship program and held a part-time job. Susan now lives in California, where she owns a national resume writing and consulting business. Information about her services and her other books can be found on her popular Web site, <http://www.susanireland.com>.
