questions at the end of every ...By Sandy TranThis book explains linguistic anthropology very easily. The review questions at the end of every chapter also help explain things oyu may have missed.0 of 0 people found the following review helpful. This is book is great for introducing 100 level college students to the world ...By rosario torresThis is book is great for introducing 100 level college students to the world of linguistics anthropology. The activities at the end of the chapter are really useful for when planning your lessons. They simplify your life!0 of 0 people found the following review helpful. Five StarsBy Neo FilmsHighly informative. Every chapter delves into a new aspect into an Anthropological perspective of the development of Language.

Since 1993, professors have turned to Language, Culture, and Society

Praise for the Sixth Edition:"This text fits well into introductory courses in anthropology and communication studies. While providing a thorough review of materials that reflect the major contributions to the field, the authors are keenly aware of the roll that language plays in a globalizing world."Pamela R. Frese, The College of Wooster"Language, Culture, and Society is a welcoming text regardless of the reader's background in linguistic anthropology. Material that is significant in scope and depth is masterfully rendered in digestible yet substantive elements. There is an art to maintaining conceptual rigor while deftly delivering profound ideas in readily grasped writingan art that Salzmman, Stanlaw, and Adachi possess in great amounts."William L. Alexander, University of North Carolina WilmingtonLanguage, Culture, and Society contains fascinating renderings of words and sounds from across the globe . . . while mentioning no fewer than 146 languages throughout. However, non-specialists will also find the text interesting; copious examples and sidebars portray the field as an ideal multidisciplinary bridge. Communication scholars, in particular, will find the text enlarges their conception of their own work. Communication Research Trends
