Ann Helen Unger, Walter Unger : Laos: A Country Between Yesterday and Today before purchasing it in order to gauge whether or not it would be worth my time, and all praised Laos: A Country Between Yesterday and Today:

0 of 0 people found the following review helpful. Five Stars By Cong An Nguyen Good 2 of 4 people found the following review helpful. Quite Nice, but ... By ohm I bought this for my parents as a gift. I am familiar with the area of Yunnan near Burma border, where the Burma road entered China (WWII). There are not many photos of this area so knocking off a star. 1 of 6 people found the following review helpful. Laos By PORNKEO CHINYAVONG This book speaks more than its cover. The pictures are great and capture the story about Laos very accurately. I would cherish this book and let it be a short story teller for my children, and among my friends. I am surprised that delivery is within the week.

A beautifully produced photographic essay on the reclusive country of Laos capturing the grandeur of its terrain and the rich ancient cultures of its people.
