fifth updated edition of *LATIN AMERICA: ITS PROBLEMS AND ITS PROMISE*, providing a multidisciplinary approach for college-level students of Latin American issues. Three new chapters on Bolivia, Ecuador and Mexico and updates with new materials on different Latin nations' developments make this a powerful introduction to the latest Latin American political issues. Very highly recommended! 1 of 2 people found the following review helpful.
gorgeous book! By bostonborni own this book and know it by heart! highly recommended due to its pictures and tips. the print is easy to read too and it was my favorite gift before traveling to south america. got a good idea of where i wanted to go.

Now in a fifth edition, *Latin America*

Praise for Previous Editions
Jan Knippers Black's revised fourth edition updates this reader to include modern issues ranging from the traumatic impact of drugs to debt, threats to distinctive ecological zones, new populist political parties and social movements and their attendant social and economic crisis, and more. This book continues to be a popular reader for classroom use.
Colonial Latin American Historical
