From Jose Morin : Latinos and Criminal Justice: An Encyclopedia before purchasing it in order to gage whether or not it would be worth my time, and all praised Latinos and Criminal Justice: An Encyclopedia:

This unique compilation of essays and entries provides critical insights into the Latino/a experience with the U.S. criminal justice system. Topical essays that provide context to major contemporary issues, such as immigrants and crime, drugs, youth, U.S.-Mexico border crime, policing, and prisons Shorter, AZ entries on a wide range of additional

topics Extensive bibliographies identifying further readings in the subject area

"This is a thoroughly researched, informative, and all-inclusive reference source for researchers looking for information in this area. It is recommended for most public libraries and will be a particularly important addition to academic libraries, especially those institutions with criminal-justice programs and courses." - Booklist
"Undergraduate and graduate students, social activists, political leaders, and those interested in Latin American issues will find this book particularly valuable because of the lack of resources on this topic. This book will provide very useful information for those studying history, sociology, law, anthropology, or political science. Highly Recommended." - ARBA
"Morn and his contributors . . . are to be commended for producing a clear, readable work that offers readers a handy means to explore this important realm of inquiry. Summing Up: Recommended. High school, community college, and undergraduate students; general readers; professionals/practitioners." - Choice
About the Author
Jos Luis Morn is professor in the Latin American and Latina/o Studies Department at John Jay College of Criminal Justice, City University of New York.
