Catherine Booth : Let the Women Speak - Females Teaching in Church before purchasing it in order to gage whether or not it would be worth my time, and all praised Let the Women Speak - Females Teaching in Church:

An arguement for women being allowed to teach in Church, written at the same time as the woman's suffrage

movement was beginning to gain momentum. Using the Bible as her basis, Catherine dispels all the usual arguments against women in ministry, showing that this theology is both flawed and contradictory and also does not agree with the Early Church father's accounts of 1st and 2nd century church practice.
