**Editors of Life : LIFE: America's Parade** before purchasing it in order to gage whether or not it would be worth my time, and all praised LIFE: America's Parade:

Pictures and MemoriesBy Andrew ParkinsGreat book with plenty of pictures and memories of the best parade around.3 of 3 people found the following review helpful. Great little photohistory of the Macy's paradeBy Matt McHughThis is a slim coffee table book giving a concise history of the Macy's parade. It is very well illustrated with hundreds of photos dating from the 1930's through the late 1990's. The text is simply written and informative... perfect to pick up and browse at any point. I got this for my 9-year-old after seeing the parade live and it made a great complement.-- mm7 of 7 people found the following review helpful. Deceptive AdBy Unhappy ShopperI ordered this book along with a number of other Thanksgiving Parade related gifts based on its title and photo, as it turns out it is the same exact book as this item listed (also purchased) on America's Parade: A Celebration of Macy's Thanksgiving Day Parade.The ad is deceptive in both it's image and title, and in the fact that it is not grouped together with the other sellers that are offering the same title in the link above.
