Peter Higginbotham : Life in a Victorian Workhouse before purchasing it in order to gage whether or not it would be worth my time, and all praised Life in a Victorian Workhouse:

0 of 0 people found the following review helpful. Victorian Workhouse at its best.By zannaI have an ancestor who died in a Workhouse in Ireland. The historical description of the landmark is factual but horrific. Mr. Higginbotham seems to leave out the horrific aspects of the Workhouse. I believe he did his research and his accounts in this book are factual, but I also believe that some of the more gruesome facts of the "workhouse" have been overlooked or hidden from the author. This is not surprising because what civilized nation wants any other nation to know how bad things could get in the workhouse. It is still a good look into the reasons and existence of workhouses in general. Looking up specific workhouses and their histories on the internet is also very interesting and free.0 of 0 people found the

following review helpful. Five StarsBy Candice YarbroughGreat book!1 of 1 people found the following review helpful. Genealogy AidBy yekalettaMy great-grandfather died in a workhouse in Yorkshire. I found this book helpful to know what life was like for him and others throughout Great Britain.

The word 'workhouse' has a grim resonance even today, conjuring up a vision of the darker side of Victorian Britain. Almost every town had at least one workhouse, and most people dreaded ending up there. Here we examine how workhouses came into being, what life was like for men, women and children on the wrong side of the poverty line, and how social attitudes evolved through the momentous events of Victorian Britain into the 20th century. Illustrated from contemporary and modern sources, this fact-filled guide presents an intriguing picture of a world of steam engines, self-help, service and salvation - where workhouse life, and workhouse reform, influenced attitudes and services we now take for granted.
