**Laura Marsh : Living in the Shadows of Milwaukee** before purchasing it in order to gage whether or not it would be worth my time, and all praised Living in the Shadows of Milwaukee:

2 of 2 people found the following review helpful. Interesting reading the viewpoint from someone living it. By George I liked reading the story from the viewpoint of someone who was living it. I live in Milwaukee and wish there had been more indepth information of places that help or where decent treatment wasn't received so that we can improve what has to be done.

"Can you spare some change?" When you think of a homeless person, you probably think of that dirty, smelly man or woman who is talking to themselves. They scare you, don't they? You'd never in your wildest dreams be able to guess where they come from. Have you ever wondered what a homeless person does all day? Have you ever thought of the homeless on a cold, snowy night? Have you ever wanted to help needy people, but didn't know how? Find out all you need to know about homeless people direct from the real-life experience of a couple who found themselves there.
