4 of 5 people found the following review helpful. I Can Speak Dothraki By Alice Ceballos I purchased this for my husband for a gift for Father's Day. He is a huge Game of Thrones fan and of course I am sure due to her looks his favorite character is Dothraki. This is a small little book with a CD, It gives a background on how the language was created. The book is much smaller than I thought it would be. It is more of a pamphlet than a book. Looking at it I thought it was a hardcover book, but it is not. The CD is great as my husband can listen to it when he is on the go. It is a nice conversation piece or nice piece just to add to your Game of Thrones collection. It is really a neat little book. 0 of 0 people found the following review helpful.
