Elizabeth (Betsy) Best-Martini, Mary Anne Weeks, Priscilla Wirth : Long-Term Care for Activity Professionals, Social Services Professionals, and Recreational Therapists Sixth Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Long-Term Care for Activity Professionals, Social Services Professionals, and Recreational Therapists Sixth Edition:

1 of 1 people found the following review helpful. This book is a must for an activities director! It helped me soooo much! It has anything your can imagine!By Robyn KrzykwaThis is the activity directors bible! I used this to form my entire department. It helped me get great reviews from the state!0 of 0 people found the following review helpful. Good Read!By BmankinsLots of info if you are working In the Long-Term care setting. Used for wecareonline

classes.0 of 0 people found the following review helpful. Well written with a great deal of information that is clear and conciseBy Ramona BermanWell written with a great deal of information that is clear and concise. The information is also easy to find since the index is also well written. I recommend this book to all activity professionals

This is the best reference book for activity directors working in long-term care, assisted living, and adult day programs and the most popular text for training new professionals. This book is down to earth, easy to understand, and comprehensive enough to answer your difficult questions about working with different resident groups, meeting standards, working with team and family members, and managing your department. It lets you see how all the parts of your facility can fit together to make an empowering, healthful, person-centered environment for everyone. It shows you how to provide care that satisfies, and even exceeds, health care regulations. And it gives you suggestions on how to stay sane, at least most of the time. Great reference book with many excellent activities and reproducible forms! The sixth edition includes information about MDS 3.0 and more details on successful person-centered programming in the information age.

About the AuthorElizabeth (Betsy) Best-Martini is a Recreational Therapist specializing in the field of gerontology. She has a Master of Science degree in Recreation Therapy / Administration. Her consulting firm, Recreation Consultation Best Solutions, has provided recreational therapy consultation to over 200 retirement communities, skilled nursing settings, sub-acute settings, and residential/assisted care facilities in Northern California.
