Beth Finke : Long Time, No See before purchasing it in order to gage whether or not it would be worth my time, and all praised Long Time, No See:

0 of 0 people found the following review helpful. See a Great Person!By DrKiyaExcellent book about a woman of great emotional strength and fortitude. Her delightful memoir was filed with humor in spite of difficult life circumstances. Going blind in her 20's, her whimsical title is great: "Long Time, No See!"0 of 0 people found the following review helpful. No lieBy MaryAs a person with a CHST genetic defect that makes blindness happen, i loved

this book. It covers some important truths- and with honesty. I love this beautiful soul and blind nude model journalist and her family. They are keeping it real. 1 of 1 people found the following review helpful. Excellent book - told with honesty and truth
By SYZAs a Seeing eye puppy raiser I have long been interested in how the puppies we raise and train help those people with vision impairments. I subscribe to Beth Finke's blog and heard about this book as a result of a blog post she wrote. It is an excellent book that reads fast, but hold your interest since she openly and honestly tells the story of how she came to be blind and the huge impact it's had on her life. I applaud her honesty and will recommend this book to others.

Chronicles the progress of the juvenile diabetes that left the author blind at the age of twenty-six. First she was forced out of her professional job. Then she bore a multiply handicapped son. But she kept moving forward, confronting marital and financial problems and persevering through a rocky training period with a seeing-eye dog.

"A wide-open tale of Finke's quest for independence and normalcy in a life gone haywire." About the Author
Beth Finke lives in Urbana, Illinois. Her articles have been published in Writer Magazine, the Anchorage Press, Berkeley Bark, and Dog Fancy. She is a part-time nude model for university art classes, and she appears as a commentator on National Public Radio's "Morning Edition."
