Renate Fischer : Looking Back (Signum Verlag): A Reader on the History of Deaf Communities and their Sign Languages (International Studies on Sign Language Communication of the Deaf) before purchasing it in order to gage whether or not it would be worth my time, and all praised Looking Back (Signum Verlag): A Reader on the

History of Deaf Communities and their Sign Languages (International Studies on Sign Language Communication of the Deaf):

1 of 1 people found the following review helpful. New Worlds, new contextsBy Frank A. Having but recently undertaken the study of ASL, and being a trained linguist (PHD), I wanted to get a feel for the variety of manual language grammars. While the book doesn't really answer this need, I have to commend the book on the basis of its historical overview. It gave good coverage on the coming to consciousness of the deaf community in various countries. I particularly found the articles on sign language in Germany and Norway very interesting. Highly recommended.

A Reader on the History of Deaf Communities and their Sign Languages
