Liz Astor : Loving Olivia: Bringing Up My Autistic Daughter before purchasing it in order to gage whether or not it would be worth my time, and all praised Loving Olivia: Bringing Up My Autistic Daughter:

0 of 0 people found the following review helpful. Understanding AutismBy R. A. EnglertLiz Astor's chronicle of her tenacious approach to understanding the nature of her daughter's autism educates one about the condition; its vast

range, its lack of general understanding and the changing nature of care. It paints a picture of a loving girl, Olivia, living in her separate world and of a mother determined to reach in to know her daughter and accept her for who she is. After Liz's disbelief, denial, sadness and sheer hard work accompanied by transformational experiences one understands the arrival at the sentiment expressed in the title, "Loving Olivia".0 of 0 people found the following review helpful. just telling it as it isBy Mrs. O. Howard-collingsThis is a touching and thought provoking book written by a strong and wryly humorous mother who has had to learn to live with, and love, an autistic daughter. Both she and Olivia come over as remarkable characters and I feel everyone with any connection with autism should read this book which will move you to tears and laughter. Liz Astor narrates a difficult journey in a straight forward way and leaves you with a little more understanding of the mysterious world of autism.0 of 0 people found the following review helpful. Good BookBy Scott I. Plinethank you , my wife really enjoyed the book, it had a lot of insight into the situation.
