The photos are always clean and crisp with the most beautiful young men.0 of 0 people found the following review helpful. pleasant eye candyBy PQI love Lukas and continue to follow his images as he gets older. This book presents wonderful images of him, but not enough! The other boys are handsome, but I thought there'd be more photos of Lukas, since he was the name holder in the title. In spite of the shortage of Lukas' photos, the book is a good addition to a well rounded collection of male nude books. I'd

recommend it to anyone who smiles when viewing young, handsome, male nudes. 1 of 1 people found the following review helpful. The Most Adorable Young Male Diary Around By Earl R. Sutton "Bel Ami magazine brings you Lucas in Love the most adorable young male diary around. This twelve month diary features the most beautiful young men from Bel Ami magazine showing all their stuff in full color images. Fill your year and each day with these hot boys because you know they're worth it. Don't Miss this 2006 Collector's Edition! 9" x 12" FULL COLOR!"-- zebra

"Lukas in Love", as the title hints, is dedicated to Lukas Ridgestone, one of the first Bel-Ami superstars. Here, he is presented alone and with his friends. His dreamy sensuality and natural charisma give the photos a special allure and charm. Bel Ami's playful young men are shown even more erotic and emotional than ever. The shots are magical and show their breathtakingly beautiful bodies as if they never do anything but play for the camera. It's the finest and freshest eroticism available.

About the Author Photographer and director George Duroy released his first gay hardcore film in 1994. His first photo book was published by Bruno Gmunder in 1996, 'Intimate Friends', and has been followed by numerous similar projects, all of which have been smashing successes. The name Bel Ami has long since entered into the Pantheon of gay erotica.
