Rein Tideiksaar : Managing Falls in Assisted Living (Essential Falls Management) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Managing Falls in Assisted Living (Essential Falls Management):

Falls in assisted living facilities are a critical issue each year between 30% and 50% of assisted living residents experience a fall. Prepare staff members to better understand and manage the risks for falling with this CD-ROM. Part of the Essential Falls Management CD series, the comprehensive training tool contains a staff education presentation; screening and assessment tools; guidelines for a basic falls prevention program; educational handouts for families and staff; and more. Operating systems: Windows 95 and up; Mac OS 8.6 and up. Adobe Acrobat ReaderAr and PowerPointAr Viewer provided on disk.

About the Author Rein Tideiksaar, Ph.D., is President of FallPrevent, LLC, a company that provides educational, legal, and marketing services in connection with fall prevention in the elderly. Dr. Tideiksaar has been active in the area of fall prevention for over fifteen years. He has directed numerous research projects on falls and has developed fall prevention programs in community, assisted living, home care, acute care hospital, and nursing facility settings. Dr. Tideiksaar has written numerous articles and book chapters on falls and related topics. He is the author of Falls in Older People: Prevention and Management, Third Edition (Health Professions Press, 2002). In addition to two previous editions of this professional resource, he is the author of Falling in Old Age: Its Prevention and Treatment,

Second Edition (Springer Publishing Company, 1997). From 2000 to 2003, Dr. Tideiksaar was the Senior Vice President of Fall Prevention and Injury Reduction Systems, ElderCare Companies, Inc., Point Pleasant Beach, New Jersey. Prior to 2000, he was Director of Geriatric Educational and Clinical Programs and Director of the Falls and Immobility Program, Department of Geriatrics, Southwest Medical Associates, Inc., Las Vegas, Nevada. He has also served as Director of Geriatric Care Coordination, Sierra Health Services, Inc., Las Vegas, Nevada, and Director of the Falls and Immobility Program, Department of Geriatrics and Adult Development, Mount Sinai Medical Center, New York, New York. Dr. Tideiksaar obtained a doctorate from Columbia Pacific University and a physician assistant certification from the State University of New York at Stony Brook. Dr. Tideiksaar completed his geriatric training at the Parker Jewish Geriatric Institute, New Hyde Park, New York.
