Donald L. Foster : Managing the Catalog Department before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Managing the Catalog Department*:

"A standard cataloging text for several years...continues to be important reading not only for catalogers but also for department supervisors and library managers." BOOKLIST

...a concise, lucidly written, commonsense introduction to catalog department management...an eminently practical handbook...belongs in every catalog department. (*Library Resources Technical Services (LRTS)*)...provides a useful overview of the principles and practices of managing catalog departments. The librarian who has received his or her first management assignment will find this book a helpful source of background information. (*Lisca 88*)...a standard cataloging text for several years...continues to be important reading not only for catalogers but also for department supervisors and library managers. (*Booklist*)
