**From Ingramcontent :** Mapping Feminist Anthropology in the Twenty-First Century before purchasing it in order to gage whether or not it would be worth my time, and all praised Mapping Feminist Anthropology in the Twenty-First Century:

Feminist anthropology emerged in the 1970s as a much-needed corrective to the disciplines androcentric biases. Far

from being a marginalized subfield, it has been at the forefront of developments that have revolutionized not only anthropology, but also a host of other disciplines. This landmark collection of essays provides a contemporary overview of feminist anthropology's historical and theoretical origins, the transformations it has undergone, and the vital contributions it continues to make to cutting-edge scholarship.
