John Webb : Medical Social Work: The Reference Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Social Work: The Reference Book:

0 of 0 people found the following review helpful. ... is outdated and half the information provided can be easily researched online
By JuliaThe book is outdated and half the information provided can be easily researched online. The book read like a undergraduate final project.
3 of 4 people found the following review helpful. Good Idea, but poorly executed
By SheeraWhen I received my book, I was surprised by how thin the book was. Upon initially flipping through the book, I was also disappointed with the overall craftsmanship of the book itself. There are sentences without periods, odd spacing and tabs as if the author was a novice to whatever wordprocessing program he used. The author obviously produced this book without any professional publishing companies, and it shows. This book would do well as an independent project, but not sold as a book on for over \$20. If you don't mind such things, then I would suggest buying this book used. It's not worth the brand new price.

must-read by a true gentleman
By A Customer
Mr. Webb's resource book is full of useful information. I look forward to the next edition.

The author combines 36 years experience as a front line Chief Medical Social Worker and Child Welfare Worker with 24 years as a consumer of many of the programs described in the book. The publication includes primarily factual reference material that is u

About the Author
John Webb grew up in the oilfields of West Texas where he worked as a youth. He served in the U.S. Navy as a deckhand. He began his career in Social Work in 1965 as a Child Welfare Worker. He earned his MSW from Our Lady of the Lake in 1968. He worked for
