copy that I was looking for but it is a good book. I was just trying to replace a lost book with sentimental value. The cover of the one I am looking for differs and some of the content too. It could be a earlier or later edition. But I am keeping it because it is a good book. I still need to find the other one.0 of 0 people found the following review helpful.

Men: Some Assembly Required takes women on a hilarious journey into the inner workings of men's minds. This fun-to-read resource will help women understand their man and why God made him that way. Plus, it gives the encouragement that most men can be assembled into people who are caring and sensitive.
