Raymond Mark : Research Made Simple: A Handbook for Social Workers before purchasing it in order to gage whether or not it would be worth my time, and all praised Research Made Simple: A Handbook for Social Workers:

`Raymond Mark combine[s] the classical integrity of statistical techniques with the latest problems of planning and implementation.... One hopes this books use as a teaching instrument, and its application as a research stimulus and

guide, will encourage both students and practitioners to work harder at achieving a sounder integration of theory and practice in social work - From the Foreword by Chauncey A Alexander The full range of methods employed in social science research courses is presented in this practical `how to guide for the social services. Topics discussed include basic concepts about scientific method, fundamental terms, and the research process from initiation through implementation to comple
