Pertti Alasuutari : Researching Culture: Qualitative Method and Cultural Studies before purchasing it in order to gauge whether or not it would be worth my time, and all praised Researching Culture: Qualitative Method and Cultural Studies:

1 of 1 people found the following review helpful. Good Culture Capital Book By ~*~reader of good stories This is a good book for anyone doing qualitative research dealing with cultural capital aspects and looking for that connection.

`This clearly written, well-illustrated text satisfies a long-standing need for an authoritative account of the methodology of cultural studies. It will become required reading on many courses' - David Silverman, Goldsmiths College, University of London The growth of interdisciplinary cultural studies poses new challenges for the process of doing research. In this textbook, Pertti Alasuutari introduces the range of approaches and methodological tools available for undertaking critical research, and shows how cultural studies transcend traditional divisions between qualitative and quantitative methods and between social sciences and humanities. He draws upon three main sources: the qualitative

This clearly written, well-illustrated text satisfies a long-standing need for an authoritative account of the methodology of cultural studies. It will become required reading on many courses' - David Silverman, Goldsmiths College, University of London This is a most welcome book. Alasuutari's work is engagingly written, concrete in terms of examples and details, and thoroughly conversant with current controversies' - Norman K Denzin, University of Illinois, Urbana-Champaign `This clearly written, well-illustrated text satisfies a long-standing need for an authoritative account of the methodology of cultural studies.
