It was helpful.0 of 0 people found the following review helpful. Five StarsBy arwaGreat book for design research class0 of 0 people found the following review helpful. Five StarsBy Haifeng Zhangfine

This is the perfect book for any student new to Research Methods. It is brilliantly written, witty, and always easy to understand. Taking as her starting point the need for students to conduct research for themselves in the `real world, Zina OLeary guides those new to research through the whys and how-tos of the entire research process. Always student-focused, this book offers a hands on and practical guide to the research process from the initial process of coming up with a good question, via methods of gathering information, through to the writing process itself.

Researching Real-World Problems: - Makes the entire research process a meaningful experience - Provides a jargon-busting hands-on guide to the entire research process - Is illustrated throughout with real-life examples - Speaks directly to the needs of the new researcher - Locates the researcher and research process at heart of a complex web of social structures - Provides via the Companion Website link above, PowerPoint slides that cover all 12 chapters of the book. They can be printed out as separate transparencies or used in PowerPoint based lectures. They would also be suitable for applications in e-learning/ web-based teaching. OLeary draws her examples from the full range of the Social Sciences, and this is the perfect text for any student in Health, Education or Applied Social Science. Available with Perusallan eBook that makes it easier to prepare for class Perusall is an award-winning eBook platform featuring social annotation tools that allow students and instructors to collaboratively mark up and discuss their SAGE textbook. Backed by research and supported by technological innovations developed at Harvard University, this process of learning through collaborative annotation keeps your students engaged and makes teaching easier and more effective.
